

MA in Mathematics Education (Summer Term 2010). Module MA10

ICT and the Mathematics Curriculum

This module is designed to enable participants to:

- Use a range of software and other ICT products and assess their suitability for learning and teaching mathematics
- Gain familiarity with current developments and research
- Evaluate issues of management, support and information which are involved in integrating ICT in curriculum development

Schools and departments will benefit from:

- A teacher with a deep understanding of how ICT can be used effectively in mathematics classrooms;
- A teacher who is familiar with a range of ICT resources.

Who should attend?

A teacher possessing a first degree and QTS status with the capacity to engage in both collaborative and self-directed study.

Dates and times

Bognor Regis Campus, University of Chichester PO21 1HR

- Saturday 24 April. 09:30 – 15.45
- Online twilight session. Date tbc
- Saturday 22 May. 09:30 – 15.45
- Online twilight session. Date tbc
- Saturday 19 June. 09:30 – 15.45

The course participant will:

On successful completion of the module assessment, gain 20 HE Level 4 points transferrable to other Masters degree courses.

Course fee:

£75 for teachers with QTS, in state maintained schools.

Who teaches on the course?

Alison Clark-Wilson and Carol Knights, Principal Lecturers in Mathematics Education.

How to apply:

Please complete a university on-line application form available from http://www.chi.ac.uk/teachered/documents/application_000.pdf for the MA Mathematics Education programme and return it to the University Admissions Department, The University of Chichester, Bognor Regis Campus, Upper Bognor Road, Bognor Regis, West Sussex, PO21 1HR, by 15th April 2010 (Spring term course).
