

MA in Mathematics Education Module MA08 - Contemporary Issues

Assessing Pupil Progress for primary teachers

This module is designed to build on existing Local Authority APP courses and will provide the opportunity for a primary teacher to gain:

- Deeper subject knowledge and enhanced pedagogical skills.
- A thorough understanding of Assessment for Learning and the role of periodic assessment to review and guide learning.
- The skills to select and design rich tasks through which to learn and assess mathematics.
- Strategies to support the in-school moderation and assessment processes.

Schools will benefit from:

- A teacher with a thorough understanding of assessment who will have the capacity to lead and support colleagues in the effective use of APP.

Who should attend?

A teacher possessing a first degree and QTS status with the capacity to engage in self study and support colleagues in school.

Dates and venue (Four courses are on offer)

**Bognor Regis Campus,
University of Chichester PO21 1HR**
